

Sustainability Leadership Award

Company Name:

1. Visionary Leadership (25 points)

Show a clear, goal-oriented and time-sensitive strategy for achieving long-term sustainability in environmental, social and business areas, highlighting effective leadership and measurable achievements. Demonstrate that the initiatives are designed for continuous, scalable and replicable results, and are not just one-time endeavours.

Activities in 2024 must be demonstrated for consideration in this award category.

(Maximum of 1,500 words)

2. Innovation and Adaptability (25 points)

Demonstrate the organisation's integration of creative, flexible and adaptable approaches into the project.

(Maximum of 1,500 words)

3. Measurable Impact (50 points)

Offer proof of substantial, concrete results and outcomes, including tangible benefits in environmental conservation, social best practices and business growth.

(Maximum of 1,500 words)
